

Khalifa Ali bin Abu Talib - Battle of the Ditch

Background

The Battle of the Ditch was an extension of the Battle of Uhud as the Battle of Uhud was an extension of the Battle of Badr. The Quraish suffered defeat at the Battle of Badr. Battle of Uhud was fought by the Quraish to take revenge of their defeat at the Battle of Badr. The Battle of Uhud proved to be indecisive. The Quraish were therefore, still suffering from the ignominy of their defeat at the Battle of Badr. The Quraish allied themselves with some Arab tribes of the desert and succeeded in mustering a force ten thousand strong.
